Re: Surety contract for
Utah West Mining &
Development, Inc.'s
Delta Uranium Mine

Dear Mr. Frandsen:

Enclosed please find your check No. 387, which you provided to the Division on June 5, 1978, as interim surety for reclamation on this mine. The check is being returned to you because the Division received another check for the same amount from Utah West Mining and Development.

As we discussed during a previous telephone conversation, the Board needed to approve the amount and form of surety for this mine. The Board did approve both form and amount and surety at its executive meeting on September 28, 1978.

Enclosed also you will find the Escrow Forms (MR 7(a) and 7(b) which are ready for the signing off by your proposed escrowee, First Security Bank of Utah, Price Office. Please obtain the necessary signatures on both pairs of these forms and retain one for your company, the other pair should be returned to this office.

Upon the return of the fully executed forms and the beginning payment into the escrow fund, consideration will be given to issue final approval for the Delta Mine.

Sincerely,

Ronald W. Daniels
